EDGE BANDING / PROFILE WRAPPING

EVA Hotmelt

- Manual & automatic edge-banding
- Soft-forming & profile wrapping
- Filled & unfilled types
- High & low application temperatures
- Heat resistance up to 90 °C
- Natural, white, brown, black

PO Hotmelt

- Automatic edge-banding
- Soft-forming & profile wrapping
- Filled & unfilled types
- Heat resistance up to 120 °C
- Natural, white
- Low application amount

PUR Hotmelt

- Automatic edge-banding
- Soft-forming & profile wrapping
- 2 & 18 Kg packaging
- Heat resistance >140 °C
- Steam and water resistant
- Invisible glue-line

WOOD LAMINATION / ASSEMBLY

PVA'c Dispersion

- Solid-wood lamination
- Finger jointing & doweling
- Various open & pressing times
- D2, D3 & D4 acc. DIN EN 204
- Hard & soft-wood species
- KOMO / IFT certified products

EPI - System

- Solid-wood lamination
- Flat bonding of veneer
- D4 acc. DIN EN 204
- Hard & soft-wood, tropical woods
- JAS, F**** certified
- 2 component system with hardener

PUR / MS / Hybrid - System

- Solid-wood lamination
- Finger jointing, doweling & assembly
- Liquid & pasty types
- Various open & pressing times
- D4 acc. DIN EN 204
- Load bearing GLTA norm

FLAT LAMINATION

EVA / PUD Dispersions

- Hot & cold flat lamination of paper & thermoplastic foils
- Roller & spray application
- Membrane pressing
- Heat resistance up to 100 °C
- Water & steam resistant types
- 1 & 2 component systems

UF / MUF Powder

- Hot pressing of veneer, HPL & paper foils
- High frequency pressing of solid wood and multi-layer veneers
- Low formaldehyde content (E0/E1)
- Easy to use 1 shot powders
- High water & heat resistance
- Short pressing cycles

PUR - System

- Lamination of thermoplastic foils, HPL, metal & high-gloss sheets on wood, fibre cement panels
- Manufacturing of composite panels
- PUR hotmelt with various open times
- 1 & 2 K PUR with various open times
- Highest water, heat & chemical resistance

FOAM / MATTRESS

SBS / Solvent-Based

- One & two side application
- Spray application
- Flammable / non flammable types
- Assembly of mattress, sofa & chairs
- Fast processing time
- High solid content

PSA / PO Hotmelt

- PSA / PO based
- Spray & bead application
- Assembly of mattress, sofa & chair
- Environmental friendly
- Immediate tack/process
- Shrink & roll packing

Acrylic Dispersion

- 1 & 2 component systems
- Roller & spray application
- Assembly of mattress, sofa & chair
- Fast setting
- Environmental friendly
- Shrink & roll packing

CLEANING

Riepe®

- Release & cleaning agent for automatic edge banding machines
- Anti-static, cleaning & cooling
- No effect to edging material
- IKEA released

Wandres Ingromat®

- For micro particle cleaning of surfaces i.g. wood, glass, steel etc.
- Specially designed for usage in Wandres Cleaning Machines

Adino®

- Manual cleaners for multi purposes
- Release & cleaning agents for automatic edge banding machines
- Cost effective solution

POLISHING

ST-Bond® Polish Compound

- Liquid cut compound to remove scratches & sanding marks on surfaces
- High Gloss polishing liquid for final polishing of coated surfaces
- Up to gloss level 10
- Perfect mirror finish
- Easy to clean & minimal dust pollution

Menzerna Polish Compound

- Polishing cream and wax for pre- and final polishing of lacquered surfaces
- Polishing compounds for stone and metal materials
- Polishing compounds for all types of gel coats in the boat industry
- Special waxes for jewelry boxes

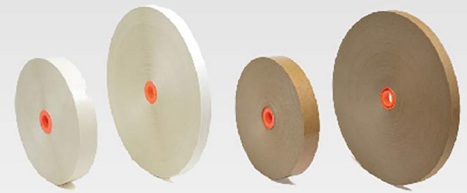

Glue Thread

- For highest quality veneer stitching
- Long running meters
- No smearing effect
- Best visual properties

Double Sided Tape

- Foam Tapes
- For all kind of assembly
- Extremely high shear strength
- Very good weathering ageing and solvent resistance

Veneer Tape

- Tapes in white/brown colour
- With & without hole
- Highest quality with easy sanding properties

Elastic Webbing

- For sofa & chair manufacturing
- Made from natural rubber (latex)
- Various elasticities

Spray Gun

- High-End spray guns for professional & optimised glue applications
- Manual/automatic solution

Glue Roller

- Easy, fast & consistent manual application for liquid adhesive
- Suitable for water-based & PUR glues
