

**Competitive Solutions for
Woodworking & Furniture**

Product Guide Machinery

www.steinerttechnology.com

Vega

Console CNC Machine

- Modular with 3 & 4 axis
- Movable vacuum consoles & blocks
- Ideal for 5 side drilling/boring/cutting

Nova

Nesting CNC Machine

- Nesting & engraving solution
- Automatic tool changer with 8 tools
- Economical nesting solution

Sirius 905M

Entry Level CNC Machine

- Suitable for 5 side processing
- Ideal for drilling/engraving application
- PC based control unit for CAD/CAM

STEINERT

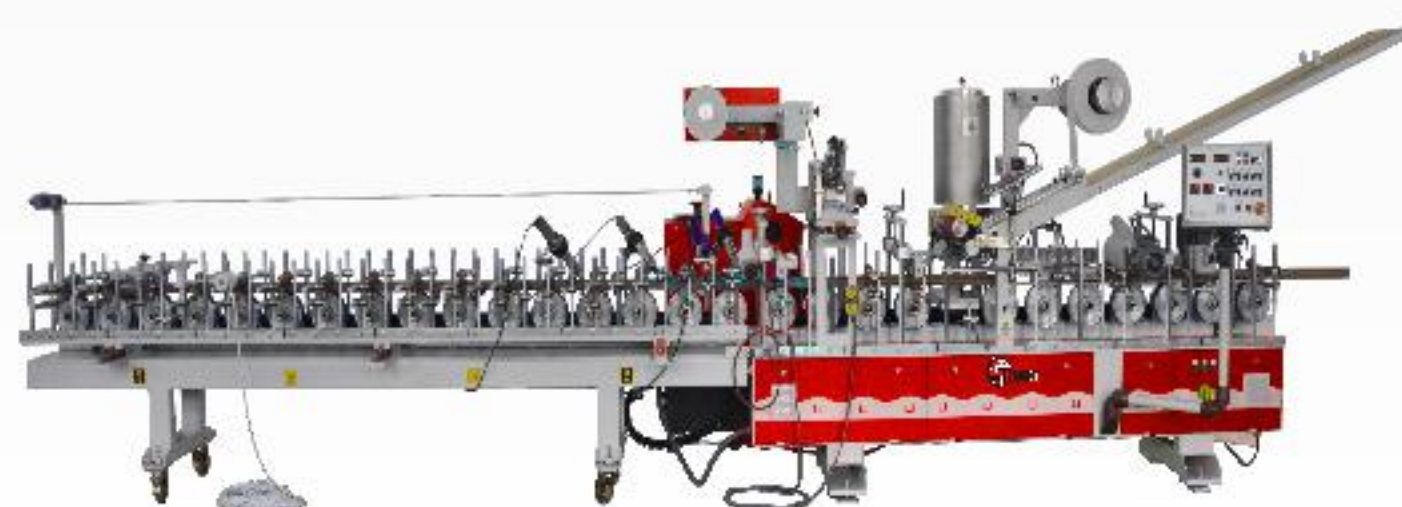

LAMINATION / COATING / PRESSING

STM-FL 1300

PUR Lamination Line

- Ideal for HPL, honey comb & composite material
- PUR melting unit from e.g. Melton etc.
- Budget friendly

STM-PW 300

Profile Wrapping Line

- EVA or PUR hotmelt option
- Line speed from 10-50 m/min
- For foil or veneer application

STM-VP 2

Vacuum Press Machine

- 3D panel lamination
- Two independent working areas
- Membrane/membraneless

TURANLAR

EDGE BANDING / PANEL CUTTING

T-EB 152

Edge Banding Machine

- All-rounder incl. pre-milling unit
- Speed up to 15 m/min incl. Riepe cleaning system
- Straight head & end cutting/corner rounding/grooving

T-EB 601

Edge Banding Machine

- Full option model incl. touch screen
- Speed up to 20 m/min incl. Riepe cleaning system
- 8 aggregates for cutting/trimming/rounding/grooving

T-PE 433/434

Panel Saw

- Optimization with cutting speed of 35 m/min
- Cutting height up to 72 mm
- Servo controlled pusher movement

Bulldog

Wide-Belt Sander

- Economical wide belt sander
- suitable for calibration & fine sanding
- From 1 up to 3 belt configuration

Standard Machines

Solid Wood Processing

- Slot mortizer
- Thicknesser/planer
- Spindle Moulder

Final

Brush Sander

- For doors & 3D surfaces
- Structuring & smoothing
- Wood & lacquer brushing

HSM .2/.3

Wide-Belt Sander

- Latest & most economic model up to 15 m/min feed speed
- Suitable for calibration & fine sanding
- Solid wood/lacquer/high gloss sanding

MFA 10

Wide-Belt Sander

- For all sanding requirements with up to 25 m/min feed speed or more
- Up to 5 sanding aggregates in flexible combination
- Available as top & bottom sander

BM8

Brush Sander

- Suitable for brushing of 3D work pieces
- Modular brush setup
- Brushing of lacquered & non lacquered surfaces

Smart

Spray Coating

- Fast change between colours
- Belt cleaning/recovery system or paper belt
- Best to replace manual spray operations

Comfort

Spray Coating

- For flexible serial production
- Twin cleaning unit for dual use of water & solvent based paints
- Automatic quick paint change system

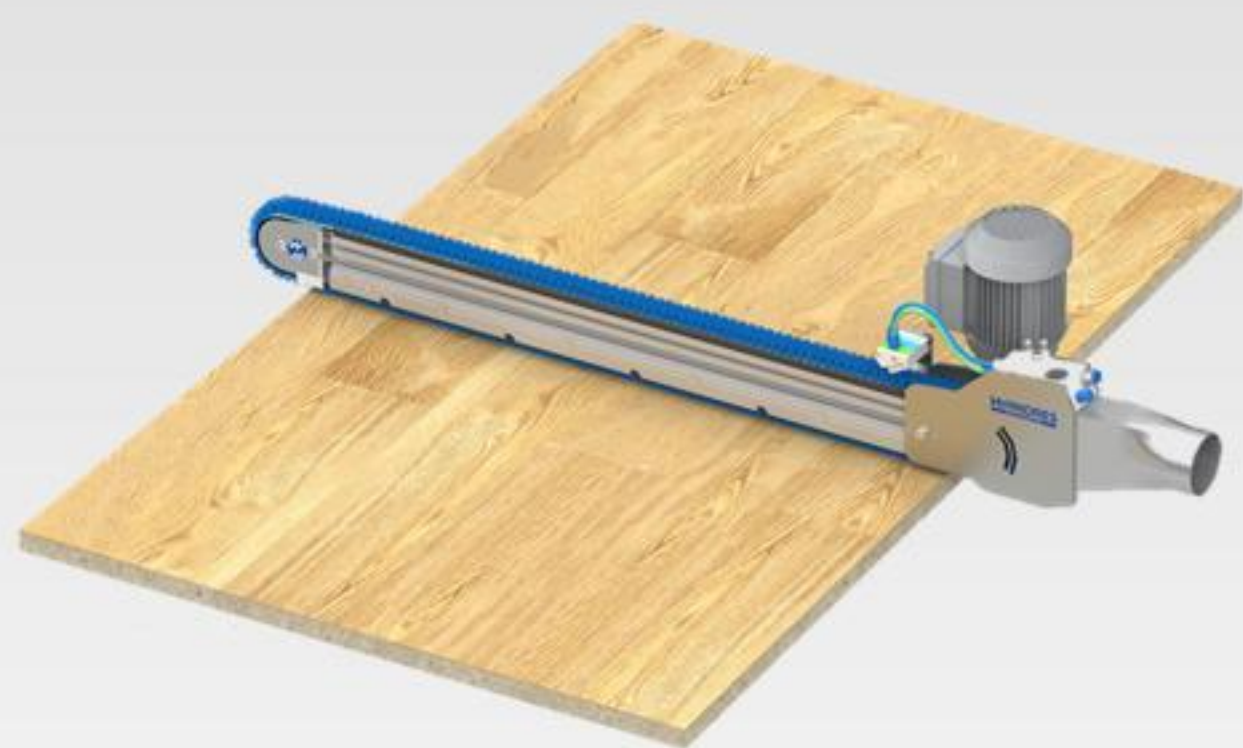

Vario

Robot Spray Coating

- Robot combined with surface spray machine - the first in the industry
- Edge spray by robot - surface spray by conventional spray unit
- Coating of complex 3D parts in through-feed

VARIOUS

Wandres

Sword Brush Cleaning

- For micro cleaning of surfaces i.e. boards, glass, steel, plastic etc.
- Top only or top & bottom cleaning available
- Self-cleaning mechanism of brushes for longest life time

Kuper FLI 1000

Veneer Splicing Machine

- Precise glue application system
- Exact veneer transport with patented sliding rail system
- Joints veneer from 0.4 up to 5.0 mm

STM-PM 100

External Edge Banding PUR Melter

- Ideally suitable for machines with low consumption
- Optical signals for bag change-quick maintenance
- Best value for a 2 Kg bag PU-Melter

STEINERT MACHINERY SHOWROOM

Bangkok, Thailand

Around 600 sqm with European machines for the woodworking & furniture Industry

Product seminars with leading European manufacturer & specialists

Live machine demonstrations & technology events

Test your own material

Highly trained local technical service support
